## UnitedHealthcare Dental - Gateway PPO Plans

Providing Choice, Wellness & Savings  
Passive & Incentive PPO Plan Designs

**Gateway Plans** promote affordability by shifting higher cost procedures and retaining routine procedures at traditional levels.

Why choose a Gateway PPO Plan?

**Gateway PPO** plan rates are 10% to 15% below our traditional Signature Series PPO plan rates. We achieve this by:

- class shifting endodontics, periodontics and oral surgery from Class II to Class III;
- class shifting full mouth and panoramic x-rays from class I to class II and;
- setting non-network reimbursement options at MAC or 70th percentile.

**Gateway PPO** plans contain many of the same wellness focused benefits found in our traditional Signature Series PPO plans, such as coverage for:

- Oral Cancer Screenings using light contrast technology
- Expanded Prenatal coverage for expectant mothers in their 2nd and 3rd trimesters.
- Groups with 100 or more employees can choose to participate in our medical-dental integration and wellness program.

**Gateway PPO** plans also offer access to our complete National PPO network with more than 145,000 points of care. Ask your UnitedHealthcare representative for more information.

Small Business customers (2 to 99 employees) can identify our Gateway suite of plans by looking for plan codes starting with "A"

<b>Class I</b>	Exams & Cleanings	} Most highly utilized services remained covered in Class I, typically 100% coverage with no deductible
