

IS THIS YOU?

- You feel lousy, but you have too much to do to go see a doctor.
- You wake up to a sick child and your entire day is thrown off.
- You continue to put off an important check-up or lab test because there is never a good time to go.
- You drag your kids to the doctor, sit in a crowded waiting room, and then wait on the pharmacy.
- You need routine care after-hours or on the weekend.
- You're at work, not feeling well but you can't take 3-4 hours to go to the doctor.

A NEW CHOICE

If it's 7am on a Monday or 3pm on a Friday, or the weekend, and you or your child needs routine medical care - all times when your primary care doctor is unavailable, what do you do?

Your Choices Have Been

Suffer through it until you can see your doctor, or go to the emergency room or an urgent care center.

The Consequences

Long waits, big surprise medical bills, exposure to everyone's germs, and lots of hassles.

A New Choice

WhiteGlove is an affordable, high quality routine care experience that is available 7 days a week, 8am to 8pm, and we come to you at home or work!

THE TRUE COST OF ROUTINE CARE VISITS

When it comes to routine healthcare, many people often overlook all of the other expenses that go along with each and every visit. Besides a co-pay for the doctor visit there is a prescription co-pay and incidentals like gas, parking, tolls, foods, beverages, child care, etc. All of these can add up to more than \$100 for each routine care visit. With WhiteGlove, you'll lower your out-of-pocket costs!

Costs	PPO/PCP	WhiteGlove
Visit Fee	\$ 25	\$ 25 ¹
Rx Med Fee	\$ 25	\$ 0 ²
Incidentals ³	\$ 50	\$ 0
Total out-of-pocket	\$ 100	\$ 25

¹The WhiteGlove visit fee for United Healthcare insured with a co-pay plan is your PCP co-pay.

²Most of the generic Rx medications that we prescribe on your visit are included in your visit fee. You only pay your Rx co-pay if you require a brand name medication or a non \$4 generic medication.

³Gas, parking, tolls, child care, foods, beverages, over-the-counter remedies, etc.

MEMBERSHIP/VISIT FEES

Individual/Fully-Insured Plans

UnitedHealthcare pays the membership fee less your responsibility when you call us the first time*. Your subsequent visit fee is your PCP co-pay (or \$0 if you are on an HSA/HRA plan).

Self-Funded Employer Plans

The employer pays the membership fee less your responsibility when you call us the first time*. Your subsequent visit fee is your PCP co-pay (or \$0 if you are on an HSA/HRA plan).

* Depending on your plan, your responsibility is your applicable PCP co-pay, co-insurance, and/or deductible.

OTHER FEES

The visit fee does not include brand name Rx medications, non-\$4 generic Rx medications, or labs. They are charged to your health insurance plan at the plans' negotiated rates.

For UnitedHealthcare Insured

"I'm a busy stay-at-home mom. I never seem to be able to make the time to care for myself, and if I do, it throws my whole day off. I called WhiteGlove when I was sick on a Sunday and within two hours a Nurse Practitioner was at my door, examined me, gave me medications and a bag of everything I could possibly need like foods, beverages, and over-the-counter remedies. It was great and I didn't have to leave home! What a fantastic service for all the busy moms out there."

- Busy Mom

OUR SERVICE

You will enjoy an unparalleled experience focused on you! For your PCP co-pay, **we will:**

- **Send** healthcare professionals to your home or work to treat you.
- **Deliver** well-kits with foods, beverages, over-the-counter remedies, and more.
- **Prescribe**, order, and deliver your prescription medications. We include most of the generic medications that we prescribe on your visit for no extra charge.
- **File** health insurance claims for you.
- **Provide** secure web access to your medical records, lab results, medical expenses, treatment records, and more.
- **Follow up** with you about your visit, your progress, your lab results, and more.

THE BENEFITS

Our service offers great benefits to you, as a caretaker at home or as a busy work professional.

Our service ensures that you are:

- Not surprised by big medical bills after the visit
- Not hit with health insurance claims for the visit
- Not exposed to everyone's germs
- Not worrying about who will watch the kids
- Not having your work activities interrupted
- Not running around for hours
- Not waiting for hours for care
- Not having to deal with lots of hassles and inconveniences
